Dear Parents and Carers

Please be aware: TIKTOK

A recent video originating on Facebook Live depicting a man dying by suicide has made its way across popular social media platforms.

When viral events happen information can travel quickly, often before full details have emerged. Please note that details, videos and images are still being shared online, which can be distressing for many young people and others.

The Facts:

- The video was originally broadcast last week on Facebook and shows a man ending his life. It will likely distress anyone who watches it, particularly children and young people
- There are a number of viral TikTok videos discussing the man's death, using pictures from the original video - there appears to be a number of accounts asking where they can find the video
- Links to the full video are being circulated via TikTok and Instagram

Please be aware of this video and its potential impact on young children if they see it. If your children have access to electronic devices and sites such as TikTok, Instagram and Facebook please check what they are doing on them and note that all the above sites have age restrictions on them: people accessing them should be 13+.

Yours sincerely,
