

# Class 2

We have started our Art Unit on recycled material sculptures by learning about our focus artist— Michelle Reader. We started by looking at her most famous sculptures.

We then looked at designing a house that would have been in London in 1666 (the year of the Great Fire). We will be moving onto creating our Great Fire of London House sculptures in the next few weeks.

Look at our Forest School Tiger and Eiffel Tower Creations!

Here is a collage of some of us wearing our Pudsey Spots for Children in Need! We carried a Talk Time lesson about Children in Need and the responses were terrific.

“The spots are because people are all different”.

“We bring in £1s for Children in Need to help people”.
