

Year 5/6

Autumn Term 2

How did the Romans shape Britain today?

In Reading, this term, through our new VIPERS approach, we will begin by reading the text 'Wonder'. We will also be looking at the non-fiction text 'The Way Things Work' linked to our work on the Romans. We will also continue to complete weekly longer written comprehensions.

In Religious Education, we will be discussing and responding to the question 'What is the Trinity?'

In Art and Design, we will be making a Roman Shield out of Papier-Mache.

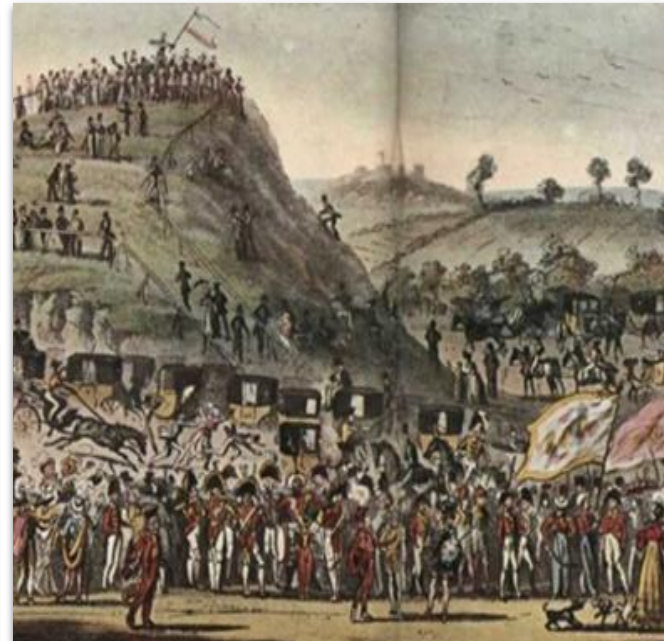

In PE, we will be progressing our Throwing and Catching Skills.

In Modern Foreign Languages, Mrs Leon will be teaching the children about how Christmas is celebrated in Spain and Latin America, further exploring and using nouns associated with this.

In Writing, we will use our text 'Wonder' to drive our film narrative writing unit. We will then move onto non-fiction writing an explanation text and instructions, again linked to our vehicle text; this time the text 'The Way Things Work'.

In Maths, we will continue our work on the four operations before moving onto work on fractions. We will continue with our daily early morning maths work, and our weekly arithmetic lessons to support and develop our Maths skills.

In Geography, we will continue our topic of The Romans but this time focus on how the landscape of Britain was changed by the Romans, how the Romans designed buildings, and study the archaeological evidence that remains today.

In Music, we will be continuing to learn to play the ukulele.

Curriculum Enhancements

Forest School

Commando Joes

In Science, our new topic is entitled 'Mixtures and Reactions'. In this topic, we will study dissolving, separating mixtures, investigate chemical reactions including burning, and learn about reversible and irreversible changes.

In PSHE, we will be extending our knowledge and understanding of bullying in our anti bullying unit, as part of 'Myself and My Relationships'

In Computing, we will be following a Computer Science unit focused around quizzes.
