Class 4 Weekly News

Year 5 and 6 have had an excellent week on maths, practising written methods, using the inverse, and applying these to problem solving questions. Well done Y5/6.

After the Remembrance Day assembly in school yesterday, Y5/6 worked hard to produce a piece of art with a silhouette of a fallen soldier in the middle. The children were quite rightly extremely proud of their work and we have displayed this near our Worship Area in Class 4.
