

Class 1

The children have returned to school this week with such enthusiasm and have displayed amazing behaviour for learning. In phonics we completed the set 1 sounds learning 'x', 'ng' and 'nk', in maths we have exploring the concept of zero through play. In guided reading the children were introduced to our first vehicle text 'How to catch a star.' by Oliver Jeffers. Well done Class 1!

Well done to Niamh and Eowyn, your writing about your friends is amazing and so neat too!

Rosa enjoyed playing with the animals to explore zero. Ewuradwoa and Esmae said "There are zero people upstairs because it's breakfast time."
