

Class 3 Weekly News

Class 3 Weekly News

Welcome back Class 3! We have had a fantastic start to 2022, working hard and being the best we can be. It was lovely to hear that children enjoyed their Christmas breaks and were eager to come back to school for the new term.

On Tuesday, we started our new class book, 'How to Train your Dragon', and children were excited to hear that our topic this term is The Vikings.

To start our new topic, children worked in groups to build their own Viking long boats in forest school.

In maths, we have been comparing lengths this week. Children arranged themselves in height order and foraged outside to find objects of different length.

In Science, we started our new topic—Rocks.

We enjoyed looking at rocks in detail and categorising them into the 3 major rock families: Igneous, sedimentary and metamorphic. We described the rocks and took rubbings of their surfaces to describe them.
