

# Class 2

This week in Class 2, we've been completing assessments to measure where we are in our learning at this point in the school year. Year 1 children completed age specific assessments, while children in Year 2 completed SATs assessments from previous school years. I was so impressed with the focus and maturity of the children throughout the week. Well done!

After completing our assessments this week, we started our new focus text for the rest of this half term - The Three Little Wolves and Big Bad Pig. The children found this story hilarious and to further immerse ourselves in the story, we built houses for the three little wolves and retold the story using puppets of the characters.
