

Class 1

This week children have explored 6, 7 and 8 and the concept of making a pair. They have enjoyed reading and writing activities based on the vehicle text 'The Darkest Dark' and engaged with brilliant talk time about the story 'Lucy's blue day' focusing on how we can look after our mental health. They have also really loved lots of imaginative play using the space tuff tray. So much wonderful learning in class 1. Well done !

"The astronauts are looking for things to take back to Earth." Rosa.

Elsie: "The rocket has landed on the moon but there is no air there and the astronauts have to wear special space suits." Theo, Ella, Jack and Niamh made a marvellous space city, what fabulous team work!
