

# Class 1

This week children have had some wonderful discussions about different families but how the love and the care is the same. The children were most interested in reading stories about different families and could verbalise their thoughts and ideas very thoughtfully. Miss Fisher, Miss Beirne and Mrs Jenkins were all very proud of class 1. Wishing you all a very enjoyable and well deserved rest at half term.

The children became 'shoe detectives' and worked very hard in small groups to solve a practical logic problem using a set of clues. Here are the clues that they worked through. The children also used prior learning about pairs and sorted the shoes into groups explaining their criteria.

Rosa: "This is the black shoe group."  
Ella: "This is the purple shoe group."  
Albie: "In this group all the shoes have a Velcro strap but there are trainers and sandals."
