

Today in **Class 3**, we studied China and its culture. We focused on their New Year festivities, which in 2022 will be celebrating the **TIGER**.

Firstly, we had our first lesson of Mandarin Chinese. Now we know that the 'tones' are key if you want to speak this language correctly. We also watched how a 10-year-old girl's week is in Shanghai and we compared her busy schedule with ours.

After finding out the lunar year when we were born, we made red envelopes with 'money', like the ones Chinese children receive at home when they celebrate the New Year.

Having learned that the crescent shape represents prosperity, we also enjoyed a fortune cookie each.

Look at our pictures and check what a fantastic day we had!

Monday 31st January 2022
