

Class 4 Weekly News

This week, Class 4 have worked extremely hard in their Mathematics work, with Year 6 working on algebra and Year 5 dividing and multiplying decimals by 10, 100 and 1000. Towards the end of the week, both year groups moved onto work plotting co-ordinates in one or four quadrants.

This week's English work started off by pupils learning about Shakespeare, as this week is Shakespeare Week. The children watched aged appropriate versions of 'Macbeth' and 'A Midsummer Night's Dream' and were fascinated to learn about the famous literary figure himself. In Writing, our current focus is Persuasive Writing and in preparation for our travel writing next week on 'Top 3 Things To Do In Cornwall', the children produced a piece of persuasive writing based on our trip last week to RAF Cosford (see below). After reading some of our pupils work, encouraging people to visit the fantastic museum, we can see visitor numbers increasing!

SHAKESPEARE WEEK
