

Class 4 Weekly News

This week in Class 4, we had a dedicated PHSE lesson where we discussed the current situation in Ukraine. We talked about the history of Ukraine and Russia and the impact that the situation is having on everyday people in both countries. Earlier this year, we talked about refugees and what a refugee is (see below), and this week we have watched Newsround every day and seen the current refugee situation in the countries bordering the Ukraine. Mrs Standish was hugely impressed with the empathy and compassion shown by all children.

As an introduction to our new Geography topic 'Cornwall or Crete?' and our English unit where we will become travel writers, this week Class 4 flew to CRETE! Well kind of. Mrs Standish surprised the children by transforming our classroom into an aeroplane where we watched a TUI flight safety video, 'took off' from Birmingham and 'landed in Crete'. We even watched a video 'whilst in the air' on our destination, Crete, and had 'on board' snacks! See photographs below!
