

# Class 1

This week Class 1 have enjoyed working with their buddies from Year 5 to learn collaboratively whilst Year 6 completed their SATs. All children worked fantastically well together to create additions for our lovely new role play area. They made a class catalogue of plants and also designed and decorated their panel for the village jubilee phone box. We have also been busy planting and making Latkes which is a traditional treat made by Jewish people to celebrate Hanukkah. Well done Class 1 and Year 5 ☺

April and Harrison created a brilliant union jack flag together.

Angelica and Esmee enjoyed reading 'Oliver's Vegetables' together.

"Abbie is reading 'Stitch the Witch' to me, the cat has got 3 wishes." Theo

"We're planting sunflowers. You have to get the seed and push it right under the soil." Ella
