Class 3 Weekly News

We have had a busy week in class 3! We have had a morning and afternoon of transition into our new year groups and classes. We have made a great start to learning about decimal numbers and also continued our art unit about landscapes. Can you guess where these UK landscapes are?

On Wednesday morning and Thursday afternoon we had our class transitions in school. The Year 4's tell me they had a great time visiting Mrs Standish in class 4. Here in class 3 the year 3's enjoyed being year 4's and welcoming the year 2's (almost 3's) into our class. We spent time getting to know each other and the class room and took part in some activities such as 'two truths, one lie'. We even used maths questions to guess how many pets Mrs Barker has. We then decorated our names with all the things we like and that make us unique. Finally we finished the transition off by drawing some self portraits. I'm sure you'll agree, the children did a fantastic job!

This week the children chose from a selection of UK landscapes. We then looked at some famous artists and the different styles in which they paint. Each child then had a go at creating their final paintings in the style of their chosen artists. The children have thoroughly enjoyed this unit and have really taken in and understood the different ways that artwork can be created.
