

Class 4 Weekly News

This week, Class 4 have continued their PHSE work on 'Rights and Responsibilities'. We have been learning about the United Nations Convention on the Rights of the Child and thinking about why each 'Right' is important. We have also discussed whose job is it to protect our rights: our own, our family or the governments. We have also been learning about our local MP in Telford, Lucy Allen and the job of a local MP.

Pictured below is some PHSE work from a few weeks ago that I wanted to share. As part of 'Black History' month in October, and linking to our Science unit on Mixtures and Reactions, Year 5 and 6 learnt about Percy Lavon Julian (one of the first African Americans to receive a PhD in Chemistry)
