

# Class 2

This week in Class 2 we have been working hard in Maths to complete our unit on Subtraction. The children have really understood the concept and are now subtracting within the age expected standards for their respective year groups.

In Science, we have begun our work on habitats and the children have shown a great recollection of oceans, seas and marine wildlife from our work in the Autumn Term. Well done!

In Religious Education, we have started our work on Islam and the beliefs of Muslims— to begin this topic, we have recapped the 5 Pillars and their importance to Muslims on a daily basis. Have a lovely weekend.
