

Class 1

This week the children have loved learning all about Chinese New Year and how it is celebrated. We have made flags, lanterns, dragons, acted out the story of the year of the rabbit and done some Chinese cooking. In phonics we have learnt the sounds 'j' and 'v' and in maths we have learnt about the properties of 2D shapes.

We practise forming our focus sound in the snow! "vet, van and vac all start with v!" Jacob.

Freddie R located China on the globe and positioned the Chinese flag which he made on the country. Well done! Charlotte and Jacob used their muscles to create some wonderful dragons.
