

# Class 1

This week the children have really enjoyed learning about stars and constellations linked to our vehicle text. They have looked at diagrams of constellations and drawn their own. They have also loved painting their wonderful rockets and spending time outdoors playing imaginatively and making their own rockets. Well done Class 1!

Freddie chose to write out words containing our focus sound 'th'. Look at that brilliant pen control and neat handwriting. Charlotte chose to make her very own binoculars to use in the role play area. Freddie C used Numicon to explore the composition of 5.

Grace and Arthur made and enjoyed playing in a fabulous rocket outdoors and the children learnt about the order and size of the planets using different sizes and colours of balls.
