

Class 4 Weekly News

This week in PSHE, we have learnt more about LQBT+ History Month which is celebrated every February across the UK. Year 5 and 6 have learnt about key dates in history where key equality laws were made, about the history of the Pride festival and about key figures such as Harvey Milk. We also talked about the importance of the protected characteristics protected by the Equality Act 2010. Class 4 also looked at modern day LQBT role models, such as individual footballers, and about the importance of respect and equality.
