

Class 4 Weekly News

This week, Class 4 have worked hard in English, drafting and editing their information texts on wolves. In Maths, Y5 and 6 have continued to develop their knowledge and understanding of equivalent fractions and this week, have learnt how to order, add and subtract fractions with different denominators, and solve problems on this concept to deepen understanding. I wanted to share in our newsletter this week some work that Class 4 have worked on surrounding 'friendships'. We discussed strategies for making and maintaining friendships and looked at the Childline guidance on this, before designing our own Friendship Bookmarks. We also looked at different scenarios that friends may find themselves in, and talked about the decisions that we make, and the advice that we would give to our friends if they were in a similar situation to this.

We looked at the top tips on Childline for making
