

Class 1

This week we have been learning all about the importance of bees, as it is World Bee Day this Saturday! In maths, we have been adding two groups of objects and beginning to count on to find the answer. Lets see some of the exciting activities we have been doing in Class 1.

In art, we painted and printed leaves to create our own class tree after being inspiration by our vehicle text 'The Tree Lady'.

"The bees suck up the nectar with their tongues like this" Jacob

"The bees make honeycomb and it's got lots of honey, its sweet" Freddie C

Freddie P using the pipette to transfer 'nectar'.
