

Class 4 Weekly News

This week in Year 5/6, we have worked hard in English improving our knowledge and application of figurative language. We have used 'Eye of the Storm' as a stimuli and the children have produced some exceptional pieces of work. In Maths this week, we have recapped our application of number through a range of fluency tasks and worked hard interpreting data from tables. In PSHE, we have learnt about basic first aid (see posters below which Class 4 have put up around school).
