

Class 1

We have had a very exciting 'Healthy Lifestyles week'. This week we have enjoyed a Bhangra dancing session with Jee and Smoothie making on bikes with Hoola Nation!

In maths, we have been learning to share and make equal groups. The children really enjoyed sharing the teddy bears picnic, making sure this was shared fairly and equally.

The children talked about and explored different ways they can lead a healthy lifestyle, focussing on eating well and moving and exercising in exciting ways.

Working together to share out the Teddy bears' picnic equally.

Enjoying the smoothies we made!
